Dear _____,

The shooting at Marjory Stoneman Douglas High School that killed 17 children and teachers must serve as a wake-up call to create a safer society for our children. I am speaking out for those whose voices were silenced by gun violence. Not one more child should be slaughtered in their school. I ask you to consider all legislation for common sense gun laws.

I implore you to vote to close the deadly loopholes in our laws that make it too easy for dangerous people to buy and own guns. Lax gun laws allow the mentally unstable and people who pose a threat to society, including suspected terrorists, to buy guns. This is unacceptable. I hope you will address these glaring national security issues.

I support common sense gun reform laws. We are asking you to consider 17 actions, one action for each of the 17 victims of the mass shooting at Marjory Stoneman Douglas High School.

1. Force states and agencies to enforce Universal background check laws already in place
2. Ban Military style assault rifles
3. Ban Bump Stocks nation wide
4. Ban high capacity magazines
5. Ban hollow point and armor piercing bullets
6. Restore the Center for Disease Control's ability to research gun violence
7. Enable "Red Flag" giving the police power to disarm people who pose a threat to society
8. Restore proper school guidance counseling
9. Expand the Baker act
10. Ban the sale of guns to felons
11. Ban the sale of guns to people on the terror watch list
12. Ban the sale of guns to domestic abusers
13. Pass the Federal Gun Violence Restraining Order
14. Fix NICS <http://fixnics.org>
15. Close the gun show loophole
16. Make gun owners register each weapon to a central data base
17. Federal buyback program for any gun

It's time to end the epidemic of gun violence in our country. Thank you for doing what is right for the people of [your state] and the United States.

Thank you
